

SUBMISSION GUIDELINES

We are excited to hear that you decided to take part in this year's German Language Competition.

We hope that you'll enjoy the task and that your German language skills will be expanded, and your creativity triggered.

The GLC 2020 focuses on linguistic innovation that might reflect current developments and change in society.

Your task? Invent a new German word! Think about important issues in our society, current topics or concepts that everybody talks about. Which of them will continue to be relevant in the future?

Step by Step Guide to inventing a new German word:

Step 1	Brainstorm with your friends, your family, your classmates or teachers and share ideas.
Step 2	Create a new German word.
Step 3	Use the Submission Form and write a short definition of the word, as if you were writing it for a dictionary.
Step 4	To contextualise the word we ask you to create a dialogue in German between two fictional characters or real people in which you use the word you invented. The dialogue can be sent in in a variety of formats, all of which are acceptable: <ol style="list-style-type: none"> 1) Audiofile 2) Video 3) A short text (please use the Submission Form) The length of the dialogue should not exceed two minutes of spoken time, this also applies to the written text. If you are sending in your dialogue as an audiofile or as a video, you are free to choose a dialogue partner to help you.
Step 5	Send your Submission Form and Registration Form to events.london@daad.de . If your file is too large for email, don't forget to compress it or just use WeTransfer (wetransfer.com/) to make sure that we get it. The deadline for sending us your entry is 08.01.2021 .

Any questions? Drop us an email at **events.london@daad.de**.

We are looking forward to receiving your new German word!
